AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of *Chas. H. Fletcher* on every bottle of the original "PITCHER'S CASTORIA," which has been used in the homes of the mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

Do Not Be Deceived.

Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know.

Miss Tessie Utley, daughter of Rev. M. V. Utley, and Dr. R. L. Barker were united in marriage on Thursday afternoon of last week by Judge L. E. Davis. Miss Mollie Utley and Mr. John Farrar were the attendants. The bridal party dined at the home of the bride's parents, following which the happy couple went to Devider, the home of Dr. Barker. We extend best wishes and congratulations.

Mr. J. N. Maxwell, of Covington, Mo., was a pleasant caller at THE CHRONICLE office Tuesday. He had a two-fold mission in returning to his old home. He desired to visit relatives and old friends, and above all he desired one friend in particular to return with him to his Missouri home, and his wishes were not in vain. Last Sunday he led to the hymeneal altar Miss Delaney Metlock, of Coxburgh, daughter of Mr. Lane Metlock, and they left Tuesday for Covington, carrying with them the best wishes of a host of friends in old Benton.

Astronomers predict a brilliant display of blazing meteors on the morning of November 14. Every thirty-three years there is a great display of celestial fireworks, and the earth is almost due to cross the great army of burning meteors. It does not require a telescope to see them now if you will select a place where the view is unobstructed and be patient. There are many who remember the wonderful display in 1866, and there a few who can remember the startling sights of 1833. The fall of meteors this November and next will be merely the forerunner of the great display in 1899. Don't fail to see it.

Mr. Guy Hall, of Camden, was in town Wednesday.—Carroll County Democrat.

It is now stated that the attendance at the Centennial on Thomas Day was 98,582.

Hon. James Jeffreys stopped off here Wednesday while returning from Washington and will spend a few days with his family before returning to his post of duty in Utah.

Friends who receive THE CHRONICLE will confer a favor by giving us the names of friends and neighbors who would like to have their county paper. Any patrons who appreciate our efforts in their behalf can do us a good turn by saying a good word for us whenever opportunity offers. We appreciate such kindness.

Window glass at C. V. Hawley's.

For a short time only we will sell old papers at 20 cents per hundred.

When you want fine commercial job printing, remember that THE CHRONICLE continues to make a specialty of this class of work.

Wanted—Table beans and peas. If you have any for sale take them to C. V. Hawley and get highest market value.

Mrs. S. J. Travis desires to say to her friends and customers that she is receiving the finest line of millinery she has ever shown, and requests the ladies of the town and county to call and see her selections.

The Twice-a-Week Republic of St. Louis and THE CHRONICLE both one year for \$1.00. It is scarcely necessary to call attention to the Republic, as it has so many advantages as a news gatherer that no other paper can claim to be its equal. By a special arrangement made for a limited time only, our friends will be given an opportunity to take advantage of this liberal proposition.

Correspondents will please remember that all communications to THE CHRONICLE must be in the office by Wednesday noon of each week, and all communications and articles intended for publication must be signed by the writer. It is understood, of course, that we do not publish the name of the writer, but is necessary for us to know the writer, otherwise the matter will be refused.

Lime and cement at C. V. Hawley's.

WEST TENNESSEE is entitled to the privilege of naming the next governor, and, in our opinion, it is none too early for us to come to an understanding in the matter. THE CHRONICLE will support any good Democrat the party may name for that office, but as the politicians as well as the people still recognize three grand divisions of the State, give West Tennessee a chance.

The legislature of Ohio may be Democratic yet, if Democrats can get a fair count. The Republican county machines, however, are relied upon to get the plum for Hanna. There is nothing like a machine in a blanket close election.

It seems to be a settled fact that Governor Taylor will be a candidate for the Senate against Senator Bate.

THE result of the recent election can be construed only as a mighty protest against McKinleyism.

It is stated that the President will make a few cabinet changes.

The marriage vows have been happily solemnized between Rev. J. F. Carl and Miss Sallie Camp, daughter of Trustee J. T. Camp, at the latter's home, Elder G. B. Baskerville officiating. The groom is pastor of the Methodist Church at this place, and during his stay here of two years duration he won the esteem, respect and confidence of our people, while the bride is an accomplished young lady of rare intellectual attainments and is deservedly popular. Now that they have launched their ship on life's ocean, may they successfully "stem the tide," glide safely over all angry billows and be safely harbored by the other shore.

FAXON, November 9.

Two communications were not published this week because the compositor did not have time to try to make them out. If correspondents would use pen and ink instead of pencil it would save us a great deal of time and vexations. Kindly write again and use ink. Another letter is written on both sides of the paper and is not signed in a proper manner—two violations of newspaper rules—hence we can not publish it. Correspondents who have not received a copy of our instructions can have the same by dropping us a postal card.

Doors, windows and blinds, at C. V. Hawley's.

The price of THE CHRONICLE has been reduced to 50 cents per year and 35 cents for six months, which places it within the reach of every family in the county.
